

## Resetting PowerConnect Configuration Wizard

### Reason

You have run transaction /BNWVS/MAIN and cancelled the initial setup wizard. You would now like to run the wizard again to simplify the initial configuration setup.

### Solution

Go to transaction SE16 → Enter Table /BNWVS/RT\_CFG

**Data Browser: Initial Screen**

Table Name

Select the “Table Contents” button 

**Data Browser: Table /BNWVS/RT\_CFG: Selection Screen**

 Number of Entries

NAME	<input type="text"/>	to	<input type="text"/>	
NAME_INDEX	<input type="text"/>	to	<input type="text"/>	
VALUE	<input type="text"/>	to	<input type="text"/>	
ADD1	<input type="text"/>	to	<input type="text"/>	
ADD2	<input type="text"/>	to	<input type="text"/>	
ADD3	<input type="text"/>	to	<input type="text"/>	
ADD4	<input type="text"/>	to	<input type="text"/>	
ADD5	<input type="text"/>	to	<input type="text"/>	
ADD6	<input type="text"/>	to	<input type="text"/>	

Width of Output List

Maximum No. of Hits

Select the “Execute” button 

Select Row - ALREADY\_EXECUTED

**Data Browser: Table /BNWVS/RT\_CFG Select Entries 9**

Table: /BNWVS/RT\_CFG  
 Displayed Fields: 4 of 10 Fixed Columns: 3 List Width 0250

	MANDT	NAME	NAME_INDEX	VALUE
<input checked="" type="checkbox"/>	100	ALREADY_EXECUTED	000	X
<input type="checkbox"/>	100	AL_FROM_DATE	000	20160203
<input type="checkbox"/>	100	AL_FROM_TIME	000	093016
<input type="checkbox"/>	100	AL_TO_DATE	000	00000000
<input type="checkbox"/>	100	AL_TO_TIME	000	000000
<input type="checkbox"/>	100	APP_LOG_STATUS	000	X
<input type="checkbox"/>	100	EXC_EM_DATE	000	20160203
<input type="checkbox"/>	100	UPL_EM_DATE	000	20160203
<input type="checkbox"/>	100	WORKING_CLIENT	000	100

From the menu select Table Entry → Delete

Table Entry Edit Goto Settings Utilities Environment System Help

- Create F5
- Change F6
- Display F7
- Create with Template Ctrl+F12
- Delete all
- Delete Shift+F2**
- Transport Entries
- Exit Shift+F3

Table /BNWVS/RT\_CFG Select Entries 9

Fixed Columns: 3 List Width 0250

	MANDT	NAME	NAME_INDEX	VALUE
<input checked="" type="checkbox"/>	100	ALREADY_EXECUTED	000	X
<input type="checkbox"/>	100	AL_FROM_DATE	000	20160203

**Table /BNWVS/RT\_CFG Delete**

Delete Entry

MANDT: 100  
 NAME: ALREADY\_EXECUTED  
 NAME INDEX: 0  
 VALUE: X

ADD1  
 ADD2  
 ADD3  
 ADD4  
 ADD5  
 ADD6

Select "Delete Entry" button 

The following will appear at the bottom of the screen, but the row information will remain on the screen

Database record deleted 

Select the "Back" button to return to the previous screen

**Data Browser: Table /BNWVS/RT\_CFG Select Entries 9**

Table: /BNWVS/RT\_CFG  
Displayed Fields: 4 of 10 Fixed Columns: 3 List Width 0250

	MANDT	NAME	NAME_INDEX	VALUE
<input type="checkbox"/>	100	AL_FROM_DATE	000	20160203
<input type="checkbox"/>	100	AL_FROM_TIME	000	093016
<input type="checkbox"/>	100	AL_TO_DATE	000	00000000
<input type="checkbox"/>	100	AL_TO_TIME	000	000000
<input type="checkbox"/>	100	APP_LOG_STATUS	000	X
<input type="checkbox"/>	100	EXC_EM_DATE	000	20160203
<input type="checkbox"/>	100	UPL_EM_DATE	000	20160203
<input type="checkbox"/>	100	WORKING_CLIENT	000	100

You will see the row has been removed from the table and when you return to transaction /BNWVS/MAIN the wizard will run again.
